

Osama Khaled

Zagazig - 44219 | +201202931671 | osamass9000@gmail.com

Objective

Entry-level Mechanical Engineering Intern with knowledge of 3D modeling and Trained in principles of mechanical engineering, design practices and Solidworks. Highly organized, analytical and detail oriented.

Education

MECHANICAL ENGINEERING | 2022 | ZAGAZIG UNIVERSITY

- **3.2 GPA**
- ***Favorite fields of study:*** Mechanical Design, Robotics, Programing, CNC, Engine Design
- **Member of ASME team:** we are working on building a human power vehicle.

Experience

MECHANICAL ENGINEER INTERN | EGYPTAIR | 8/2019 - 10/2019

- Provided engineering support to maintenance team during commissioning phase of project.
- Communicated with engineering team to discuss methods to improve process and performance.
- Studied manufacturing processes used by EgyptAir.

MECHANICAL ENGINEER INTERN | CAR MAINTENANCE CENTER | 7/2018 - 9/2018

- Troubleshoot and diagnosed problems with mechanical and electrical systems and equipment.
- Investigated and corrected mechanical problems with machinery such as engines and bodies.

TECHNICAL LEAD VICE| GOOGLE DSC AL-AZHAR UNIVERSITY | 9/2020 - NOW.

- We are teaching about 3000 students the modern technologies.
- We work on solving our society problems in various fields like Healthcare, Education, Economy and Industry.
- I am responsible for managing all the technical teams like ML, Data science, Web development, Mobile development, Embedded systems, and Product Design teams

Skills & Abilities

- 3D Modeling
- Solid works
- CNC
- Manufacturing processes
- programing
- Communication Skills
- Time management Skills

Languages

- Arabic
- English
